Even the beaten newspapers, while they fume and bluster a great deal, laugh at their more fortunate contemporary's smartness.

But here is that sleepy-headed, old fogy, unenterprising, slow-coach con-cern, a London newspaper, securing an advance copy of President Cleveland's message to Congress, and printing it so many hours in advance of our own tournals that the points were cabled back to New York and were on the Stock Exchange before 10 o'clock yesterday morn-

This needs explanation. No English newspaper in existence has the enterprise and the energy to accomplish such a "beat" on its own account. It must have been a stock-jobbing venture, and the publication was probably an accident. But who is responsible? around the White House is speculating on the English market? There is always somebody to find fault with the motif, it mise en scene or the tout ensemble of a message, no matter how careful the writer may have been in preparing it.

President Cleveland has written several and he knows how it is himself.

If the President makes his message as long as a Chinese tragedy, the critics declare it to be too talky; if he keeps it is characterized as a disappointment because it breaks off abruptly just at the point when it had become interesting, like a continued story in "The Chamber-"

Lena Schenck and Evelyn Rose.

It was about the middle of November that the project was first considered by this charming ociet. Acting as a Committee of the Whole, they called upon Real-Estate Agent John Puliman, in thiorist, in which to hold a fair. Mr. Puliman graciously offered the first flat at 35 Garrield place, which was an excellent location.

The dates selected for the fair were Friday and Saturday, Dec. 1 and 2. It was decided to charge five cents admission. A printer-Mr. Moe, of Sixth avenue-was then called upon. When he heard the object he volunteered to print 208 admission tickets and not charge a cent.
